# GNOME.Asia Summit 2023

December 1–3

Hybrid | Kathmandu, Nepal

GNOME.Asia is the featured GNOME conference in Asia with attendees from 30+ countries around the world.

With a focus on the GNOME desktop and related applications and platform developmental tools, the Summit brings together the GNOME community in Asia to provide a forum for users, developers, foundation leaders, governments, and enterprises to discuss current and future technology and developments.

## Why Sponsor

The continued development of GNOME and GNOME technologies relies on volunteer time and sponsorships. Our conferences are essential for the current innovation and speed that is associated with GNOME and free software. Conference sponsorship and your financial contributions are key ways to ensure that the GNOME project and associated software stacks continue to evolve.

Sponsorship of our events brings your brand to our attendees, many of whom play significant roles in open source and tech fields. It also serves as an excellent platform for recruitment as GNOME conferences are a gathering of highly skilled contributors who have demonstrable skills in core technology.

## How to Sponsor

We have included sponsorship levels for your reference, however, rates and benefits can be customized for your organization and we offer special combined rates for those interested in sponsoring both GNOME.Asia and other GNOME conferences.

If you are interesting in sponsoring a GNOME event or have questions about sponsorship packages and opportunities, please contact us at [asia@gnome.org](mailto:asia@gnome.org).

## Our Attendees

Each year the Summit attracts participants from across the Asia Pacific region and beyond.

**100+**

**In-Person Attendees**

**1000+**
