GUADEC 2024

July 19–23
Hybrid | Denver, US

GUADEC is the featured GNOME conference and held annual in different locations around the world. Each year we bring developers, enthusiasts, leaders, governments, and businesses together for talks, workshops, and BoFs that focus on technical development, community initiatives, social networking, and planning.

GUADEC services as a meeting place, not just for GNOME Project contributors, but also for other key open source projects, including GTK and Flathub. The conference plays a critical role for GNOME, both socially, and as a venue for planning, discussion, and problem solving. For many, this conference is a celebrated event where old friends can reconnect and new friendships (and projects) are created!

Why Sponsor

The continued development of GNOME and GNOME technologies relies on volunteer time and sponsorships. Our conferences are essential for the current innovation and speed that is associated with GNOME and free software. Conference sponsorship and your financial contributions are key ways to ensure that the GNOME project and associated software stacks continue to evolve.

Sponsorship of our events brings your brand to our attendees, many of whom play significant roles in open source and tech fields. It also serves as an excellent platform for recruitment as GNOME conferences are a gathering of highly skilled contributors who have demonstrable skills in core technology.

How to Sponsor

We have included sponsorship levels for your reference, however, rates and benefits can be customized for your organization and we offer special combined rates for those interested in sponsoring both GUADEC and other GNOME conferences.

If you are interesting in sponsoring a GNOME event or have questions about sponsorship packages and opportunities, please contact us at sponsors@guadec.org.
